

EQUITY

ON THE MALL

#VALLEYRISING 2019

About Equity on the Mall

This annual event is a day of **democracy in action** at the California State Capitol when San Joaquin Valley residents and leaders stand together for immigrants, children, youth, women, families, LGBTQ and vulnerable communities.

The San Joaquin Valley Health Fund and The Center at Sierra Health Foundation organize the event, which last year brought together more than 1,500 adult and youth residents and leaders. They joined elected representatives to call for equity through policy and system changes in Immigration, Health, Education, Environment and Land Use Planning.

Teachers and Students—We Need YOU at Equity on the Mall 2019!

Many students in the San Joaquin Valley have never visited their State Capitol in Sacramento. Equity on the Mall is an ideal opportunity for students and their teachers to visit the Capitol to experience this powerful day of democracy together!

Come join our rally on the west steps of the Capitol to hear from your policymakers and community leaders about the issues that matter to you. Be a part of this growing movement by raising your voices to call on our state leaders to step up and be bold in supporting the San Joaquin Valley. After the rally, tour the historic Capitol building and attend our annual briefing with state leaders. Equity on the Mall will be an experience you and your students will never forget!

About the San Joaquin Valley Health Fund

This network of 90+ community partners and 18 funders promotes health and racial equity for all in the San Joaquin Valley. We support grassroots leaders and nonprofit organizations in policy and systems change advocacy, civic engagement and capacity building to improve the conditions that impact health and well-being. Partners are working to address conditions that impact health, such as air quality, clean drinking water, healthy food access, affordable housing, accessible quality health care, education equity, immigrant rights, land-use planning and healthy environment, open space and access to safe physical activity, domestic violence and neighborhood safety. Together, we are creating positive, lasting change! Learn more at www.shfcenter.org/sjvhealthfund.
