

## MY BROTHER'S KEEPER SACRAMENTO

### The Collaborative

The My Brother's Keeper (MBK) Sacramento Collaborative is committed to improving the educational, health, social and economic outcomes for local boys and men of color. The Collaborative began in response to President Obama's signing the *My Brother's Keeper Memorandum* in February 2014, calling for national attention focused on addressing persistent opportunity gaps faced by boys and young men of color.

The MBK Sacramento Collaborative is bringing systems leaders, community partners, youth-serving organizations and young people together to collectively address health, education, employment and justice system disparities for young men of color through policy advocacy, systems change and support for effective programs.

***MBK Sacramento is funded by Sierra Health Foundation and is managed by The Center at Sierra Health Foundation.***
